

**Z-RATED® Brake Kits**  
 Torque Balanced for  
 Every Application

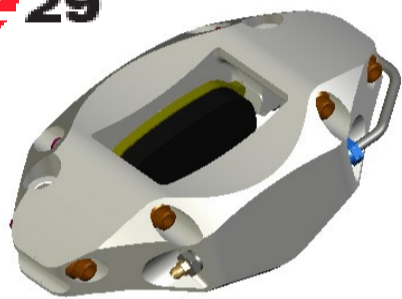

*From Champ Car Champions-*

*To your car!*

Performance Friction has just announced the next step in their product evolution! They are now applying current race technology to the brake systems of your street/track car. PFC is the official brake system supplier to Champ Car as well as other notable teams around the world. They have taken the race calipers developed for the demands of professional racing and made them accessible and affordable for the general track day participant. The calipers are made of billet aluminum alloys. They are not cast. This will increase their rigidity and stiffness far beyond their competitors. Another advantage is with the four-pad design. Four brake pads will increase the initial bite and eliminate tapered pad wear. It is performance usually reserved for the big 8-piston calipers that were run in past Champ Car, F1, and Le Mans racing series. PST is very pleased to be able to offer a greater range of PFC products to our customers. One bonus is that in most cases they can fit within factory

**Z 29**

- Race-Proven Billet Caliper
  - Z-Rated Carbon Metallic® Pads
  - V2 Alloy Rotor—OD 278-323mm
  - Rotor Thickness 20-22mm
  - Piston 44mm Swept Depth 42mm
- \$1995 per Axle**

**Z 30**

- Race-Proven Monobloc Caliper
  - Z-Rated Carbon Metallic® Multi-pads
  - V2 Alloy Rotor -OD 355-408mm Available
  - Rotor Thickness 32-35mm
  - Piston 44mm Swept Depth 61-63.5mm
  - Rotor- OD 390-405mm
- \$4395 per Axle**  
 -Rotor- OD 355-380mm  
**\$3995 per Axle**

**Z 31**

- Race-Proven Monobloc Caliper
  - Z-Rated Carbon Metallic® Multi-pads
  - V2 Alloy Rotor—OD 355-378mm
  - Rotor Thickness 30-32mm
  - Piston 44mm Swept Depth 47-51.5mm
- \$3995 per Axle**

**Z 32**

- Race-Proven Billet Caliper
  - Z-Rated Carbon Metallic® Pads
  - V2 Alloy Rotor—OD 305-355mm
  - Rotor Thickness 20-22mm
  - Piston 44mm Swept Depth 42-47mm
- \$2495 per Axle**

**Z 44**

- Race-Proven Monobloc Caliper
  - Z-Rated Carbon Metallic® Multi-pads
  - V2 Alloy Rotor—OD 278-330mm
  - Rotor Thickness 30-32mm
  - Piston 44mm Swept Depth 42-47mm
- \$3295 per Axle**

**Z 45**

- Race-Proven Billet Caliper
  - Z-Rated Carbon Metallic® Pads
  - V2 Alloy Rotor—OD 323-355mm
  - Rotor Thickness 32-35mm
  - Piston 44mm Swept Depth 47-51.5mm
- \$2795 per Axle**

All kits are custom made to order-  
 You are in control, select your rotor diameter and other options include slotted rotors, custom matched caliper paint, and other caliper finishes. For your specific application needs and to custom order your kit - Please contact
